Manufacturers of Analog and Digital Temperature Controls & Sensors

January 7, 2015

Dear Customer,

While Quantem Corporation is not required by law to comply with the Dodd-Frank Wall Street Reform Act, we strive to ensure that our core values of honesty and integrity are upheld. As such, we agree with the Dodd-Frank Wall Street Reform Act and promote transparency and consumer awareness regarding the use of "Conflict Materials".

We are pleased to provide you with the following statement:

Conflict Minerals Statement

In the U.S., Section 1502 of the 2010 Dodd-Frank Act requires certain companies to file an annual special disclosure with the U.S. Securities and Exchange Commission beginning in 2014 indicating if their products include metals sourced from the Conflict Region.

We support the 2010 Dodd-Frank Act and the related U.S. Securities and Exchange Commission rule that promote transparency and consumer awareness regarding the use of "Conflict Minerals"² and seek to cut direct and indirect funding of armed groups engaged in conflict and human rights abuses in the Conflict Region.

Quantem does not directly purchase any Conflict Minerals from any source and does not knowingly procure any product containing Conflict Minerals from the Conflict Region.
